Dear Pat Sammons and Members of the Mariemont Daughter's of the American Revolution,

I am writing to you on behalf of the Woman's Art Club Foundation. On April 16, 2007, the club purchased the historic landmark known as the Resthaven Barn. It will be transformed from the Mariemont Maintenance Building into the Woman's Art Club Cultural Center. The spacious interior will provide opportunity for expanding programming and greater outreach.

An anonymous donor has offered a challenge grant up to \$500 for The ~~Kiwanis Club~~. The only stipulation is that the funds, to be matched by the club, be received by December 29, 2007.

The Woman's Art Club Foundation will publicly acknowledge your support and apply the donation to your selected area of choice for landscaping, preservation or programming.

Thank you for presenting this challenge to your organization for consideration.

Sincerely,

Cooki

Hopefully I'll get the next round of genealogy gems properly attached.

Also, I've reserved a room for us at the Public Library on Saturday, October 25 9am to 5:30.
I've e-mailed lab lady about the proper procedure for the transfer of Judy S.
And I've registered for the May 31 workshop in West Chester.

Dear Ladies of the Mariemont Chapter,

You are truly extraordinary for all that you do! It was with great pride that I read the literacy portion of the Master Questionnaire. Only OHIO! Your donation of 3,230 books was major in helping us to reach our final number of 22,330 Books donated to promote literacy. For only a literate society will survive as a democracy. But it not only was the books but all the other things you do. Your reading out to help immigrants, provide tutoring, teaching materials to a new teacher, and being at a butterfly exhibit to help. You are an example and a blessing to our association.

Sincerely,

15 Astonishing Facts About America

BY BRANDON SPEKTOR

- 1 The current 50-star American flag was designed by a 17-year-old as a school project in 1958. He got a B-.
- 2 There is enough water in Lake Superior to cover the entire landmass of North and South America in one foot of liquid.
- 3 Meanwhile, we sell enough pizza every day to cover 100 acres.
- 4 The largest air force in the world is the U.S. Air Force. The world's second-largest air force is the U.S. Navy and Marine Corps combined.
- 5 Three of the world's five oldest rivers flow here: The New, the Susquehanna, and the French Broad Rivers are each hundreds of millions of years old.
- 6 But our nation is young: The government is still paying one pension on behalf of a Civil War veteran (to his 85-year-old daughter).
- 7 Statistically, the deadliest job in America is ... president. Of the 44 men who've held the post, four have been assassinated in office—a rate of roughly 9 percent (or about one in ten) killed on the job.
- 8 The only U.S. president to own a patent and a saloon: Abraham Lincoln. His patent was for a device to lift boats over sandbars. His saloon was a miserable failure.
- 9 The only president who was an executioner: Grover Cleveland (as sheriff of Erie County, New York, he hanged a murderer).

- 10 An estimated one in ten of us could be a blood relative to one of the original 102 pilgrims who arrived aboard the *Mayflower* in 1620.
- 11 And roughly one in three of us has his or her fingerprints on file with the FBI.
- 12 According to the World Giving Index, Americans are the most likely people in the world to help a stranger.
- 13 Case in point: Slightly more than 69 percent of firefighters in the United States are volunteers.
- 14 Our *real* Independence Day—the day Congress voted us free from British rule—is July 2, 1776. July 4 is just when John Hancock put the first signature on the Declaration of Independence to spread the word.
- 15 Finally, the *real* acme of the American justice system? That would be the basketball court on the fifth floor of the Supreme Court building. It's known as the Highest Court in the Land.
